

## POKOLBIN THE VINTRY COUNTRY HOUSE & VINEYARD

Designed for couples and friends to enjoy, The Vintry is just the sort of property the discerning wish to discover in a destination such as the Hunter Valley, thoughtfully designed to complement both the location and the times we live in. In a private vineyard setting in the foothills of the Broken Back Range, yet close to some of the best restaurants and cellar doors in the Hunter, The Vintry offers boutique, luxury accommodation for up to eight people.

Winner of the Hunter Region Tourism Awards and NSW Tourism Awards in 2009, The Vintry sends out all the right messages – from taking its reference from the language of the simple, strong shapes of local rural buildings, to the internal use of sophisticated and luxurious materials such as spotted gum floors. Natural light spills into all rooms and the property uses 100 per cent Green Power from renewable energy sources, is accredited as Environmentally Friendly and is benchmarked and certified by Green Globe.

The Vintry is luxuriously appointed with the highest quality furnishings and fittings and includes a king size bedroom with hydrotherapy spa bath and three queen size bedrooms each with its own ensuite bathroom and private terrace. A superbly appointed kitchen means that this is perfect for private dining – fold open the timber and glass doors from the kitchen, dining and lounge rooms to the wide timber decks overlooking the vineyards to the Broken Back Range and you will need to be reminded which part of the house is inside and which is out.

By evening share wine and conversation and relax in the leather lounges around the wood fire, then greet the morning whenever you choose. The Vintry sleeps eight, but if you can slip away midweek, why not be naughty and have it all to yourselves?
